

Why do you need a better office phone system?

Traditional Copper System

Maxis Managed Voice

High Capital Costs

Big chunk of \$ upfront. Costly to expand or upgrade.

Vendor Complexity

Unnecessary hassle and stress in managing multiple vendors – PABX, PRI trunks, etc.

Limited Mobility

Desk-bound! Lack of support for on-the-go workers and contact centres.

Scalability Issues

Difficult and costly to scale, unable to support business growth.

Old Technology

Ancient tech unable to support modern demands.

Security & Availability

Landlines are susceptible to hacking, theft, weather, power and wire cut outages.

Management Complexity

Headaches with complex management of communication systems and infrastructure.

High Call Costs

Expensive rates for calls to other operators.

Cost-Effective

Subscription based service with no heavy upfront cost.

Unified Management

Stress-free! No vendor juggling – single provider for voice, data, and ICT solutions.

Seamless Mobility

Never miss a call! State-of-the-art telephony features ensure all your calls reach the right people on any device, wherever they are.

Scalability Solutions

Hassle-free way to scale your business. Only pay for what you use.

Future-Proof Technology

Advanced features like virtual receptionist, multi-party audio call, video call, call analytics, call rerouting, call recording, e-fax, phone number privacy, apps integration and automatic updates (at no extra charge) gives your business the leading edge!

High Security & Availability

Enhanced security and compliance with 99% uptime. We got you covered.

Hassle-Free Management

Fully-managed service with 24/7 customer service support, so you can focus on your core business.

Lowest Call Rates In Town

Free Maxis-to-Maxis calls with 200 shareable minutes per line/month, and lowest rates to other operators.
